National Healthcare Decisions Day

Thursday, April 16, 2015

National Healthcare Decisions Day (NHDD) is a national day set aside to encourage individuals age 18 or older to have family discussions about personal values and beliefs, to choose a health care agent, and to complete a health care proxy.

Trained volunteers will be available to provide information and assistance in many Westchester public libraries on April 16. They will help you understand and complete a health care proxy form and how to make informed decisions about health care planning.

Learn about the New York State Health Care Proxy, including:

- Why you need a Health Care Proxy
- How to fill out the Health Care Proxy form
- Where you should keep your Health Care Proxy form
- If you already have a Health Care Proxy form, find out if it reflects recent changes in New York State law
